Tri-County Board of Community Guardians

Gooding, Jerome & Lincoln

The Board of Community Guardians provides assistance to adult citizens who are no longer able to care for themselves.

Wards under our guardianship cannot make or communicate responsible decisions, or provide basic needs such as food, clothing, health care and safety.

Our role is to ensure these vulnerable adults are protected from exploitation, abuse and neglect.

We need compassionate volunteers to serve on our Board; these volunteers advocate for those who have been declared incapacitated by the court.
